

The Taylor School Summer Sessions 2020

There is nothing like Summer at The Taylor School.

Summer is special at TTS. We bring to the season an array of themed camps with a different area of exploration in weekly sessions. We are pleased to offer our currently enrolled TTS Families this unique combination of Montessori imbued learning at a summer camp pace.

Each week includes a visit and live animal demonstration with our Drumlin Farm naturalist, and days full of interdisciplinary curriculum, with hands on activities, and plenty of time for water play, gardening, art, books, sports, songs, and friendships.

To register, please indicate your preference below and submit a one-week deposit to secure your spot. Tuition is due one week prior to each week of camp attendance. **Space is limited, so please register by April 24.** Please note that there is no program the week before the July 4th holiday.

We look forward to a magical time at the schoolhouse this summer!

Name: _____
