

There is nothing like Summer at TTS.

Summer is special at TTS. We bring to the season an array of themed camps with a different area of exploration in weekly sessions. We are pleased to offer our currently enrolled TTS Families this unique combination of Montessori-inbued learning at a summer camp pace.

Each week includes a unique visitor (such as a live animal demonstration with our Drumlin Farm naturalist) and days full of interdisciplinary curriculum, with hands-on activities and plenty of time for water play, gardening, art, books, sports, songs, and friendships.
